The Perati Mario snc decided some years ago in a far-sighted to begin the path to the pursuit of quality ', beginning the path to certification, with the sole aim to reduce defects, increase customer satisfaction and re-production cycles, without the required certificates .

Today, after a hard work started in 2008, applying to all procedures provided by UNI 9001/2008, we felt the need 'to end ritch with obtaining certification, which represents for us a new starting point. Accordingly, in October 2009 we had an inspection by the entity CERMET, and with great satisfaction we have obtained the UNI EN ISO 9001:2008 on 27/11/2009.

The Perati Mario snc works on the following levels to ensure the quality 'of the final product:
